Agenda/Actions/Decisions

Agenda Items	Discussion	Action/Decision
<p>Transition from Part C to Part B.</p>	<p>The subcommittee has taken on some of the work related to the transition process from Part C to Part B. After a review of rules and laws and resources, this subcommittee assembled to take all of the input we have received for several months and created a document with recommendations. Timing is good because El Colorado is working with new parameters with laws related to Child Find and the new law creating the Dept. of Early Childhood.</p> <p>In small groups today, task force members reviewed the document created by the subcommittee. It is only being shared, at this point in time, with this task force's members.</p> <p>Points reported by the small groups include:</p> <ul style="list-style-type: none"> • The document seems to make broad recommendations, not specific ones. Is this the intent of the document? Heather suggested that our task was to be flexible and to acknowledge that recommendations can be interpreted differently by different CCBs and/or AUs. • A recommendation to define, and/or limit, the use of acronyms was made. <p>Next steps in this process are being discussed and will be offered to task force members. We are hoping for some engagement.</p>
